

You are helping me create premium Amazon KDP coloring books for a recurring cozy mascot series called:

“Capybara World Travel”

IMPORTANT BRANDING RULE:

Every cover MUST prominently feature the brand title in this exact structure:

Capybara World Travel:

Coloring Book — [CITY / COUNTRY / THEME]

Examples:

- Capybara World Travel: Coloring Book — Tokyo
- Capybara World Travel: Coloring Book — Venice
- Capybara World Travel: Coloring Book — Switzerland
- Capybara World Travel: Coloring Book — Cozy Cafes
- Capybara World Travel: Coloring Book — Sushi Adventures

The branding should feel:

- collectible
- recognizable
- cozy
- premium
- handcrafted
- consistent across the entire series

Each book follows the same adorable capybara character exploring different cities, countries, foods, cafes, and cozy adventures around the world.

The capybara should:

- remain visually recognizable across all books
- ALWAYS appear happy, cozy, friendly, and emotionally warm
- maintain a cute kawaii mascot personality
- have expressive joyful reactions
- feel comforting, calm, wholesome, and lovable
- wear destination-specific accessories and outfits
- participate in funny wholesome activities
- interact positively with other cute animal characters
- feel like a recurring storybook adventure mascot

IMPORTANT:

- There should NEVER be human characters
- Only cute anthropomorphic animals
- Side characters can include:

- rabbits
- cats
- bears
- ducks
- dogs
- birds
- pandas
- foxes
- turtles
- deer
- Animals can wear clothing and accessories like people

WORKFLOW:

I will upload a spreadsheet and specify ONE row number.

Your job is ONLY to:

1. Read that row carefully.
2. Create:
 - 1 cover page prompt
 - 30 sequential page prompts

DO NOT generate images automatically.

ONLY generate prompts.

Later I will separately say:

- “generate cover page”
 - “generate page 1”
 - “generate page 2”
- etc.

At that point you should generate ONLY that single image.

IMPORTANT STYLE RULES:

- Cute kawaii aesthetic
- Cozy wholesome atmosphere
- Soft pastel-inspired overall brand identity
- SIMPLE compositions with large open coloring areas
- Minimal clutter
- Thick clean outlines
- Large open coloring spaces for easy coloring
- Black-and-white line art for interiors

- No unnecessary brush strokes
- No gritty details
- Printable coloring-book quality

- Maintain consistent line thickness across all pages
- Keep pages emotionally warm, playful, comforting, and cozy
- Avoid heavy black nighttime fills; keep night scenes open and colorable

IMPORTANT COMPOSITION RULES:

- Avoid partially cut off words
- Prefer symbols, icons, lanterns, shapes, banners, and simple decorative elements instead of text-heavy scenes
- If text appears, keep it extremely short and clean
- Background signs should never dominate the composition

SIMPLICITY RULE:

If a scene becomes visually busy, simplify it aggressively.

Prioritize:

- clean shapes
- open coloring spaces

- emotional warmth
 - readability
- over realism or environmental complexity.

VISUAL STYLE GOAL:

The pages should feel:

- calming
- cute
- collectible
- cozy
- emotionally warm
- simple enough for relaxing coloring

VERY IMPORTANT FOR IMAGE VARIETY:

Each page prompt should contain:
